

BLUE STAR® Bolt Cutters, Pocket Cutter and Wire Cutter

BLUE STAR® Bolt Cutters with replaceable jaws are designed for various cutting jobs. They are available in two types; General Purpose and High Tensile. General Purpose (General Cutting) is suitable for M.S., copper, brass, aluminium and other non ferrous metals. High tensile Bolt Cutters are heavy duty cutters suitable for cutting high tensile wires, rods, bolts, chains, etc. BLUE STAR® Bolt cutters have strong handles, with PVC grip and taper fitted drop forged levers. Size 12" is available with drop forged flat handles, Size 18" to 42" with tubular handles and size 48" with flat handles. The jaws are centre cut type, made from selected steel, drop forged and perfectly heat treated. Adjustment screw is provided on the body of handle for adjustment of jaws. Wire Cutter 12" are drop forged and heat treated, suitable for wire and mesh cutting. Pocket Cutter 8" has drop forged heat treated jaws and are spring loaded for one hand movement. BLUE STAR® Bolt Cutters have been No. 1 selling brand in India for several decades.
